

PW350

PROJECTA 350W 12V PRO-WAVE PURE SINE WAVE INVERTER

Features & Specifications:

The ideal companion for taking creature comforts with you on the road. Delivers reliable power completely noise free allowing you to run sensitive devices wherever and whenever you desire.

- **Approved output socket:** AS/NZ approved 240V sockets. Inverter designed to Australian standard AS4763
- **Wiring kit:** Battery lugs with 1000mm 3.3mm² battery cable

- **Mounting flange:** Convenient and robust mounting points

- **Voltage, temperature and overload protection**

- **Thermostatically controlled cooling fan:** Cools inverter to allow it to work harder for longer

- **L.E.D indicators:** Power and fault lights with audible alarm if problem is detected

- **Dimensions:**

- **Length:** 242mm
- **Width:** 126mm
- **Height:** 67mm
- **Weight:** 1.1kg

- **1 Year Warranty**

PART NO	PW350
INPUT	12V DC, 30A Max
NO LOAD CURRENT DRAW	0.7A
OUTPUT	240VAC, 50Hz (Pure Sine Wave)
OUTPUT POWER	350W Continuous (700W Peak)
INVERTER CLASSIFICATION	Equipotentially Bonded (EPB)
EFFICIENCY	85%
LOW BATTERY ALARM	10.5 Volt
SHUTDOWN	10.0 Volt (±0.3V)
COOLING FAN	Automatic temperature controlled
THERMAL SHUTDOWN	65°C (±5°C)
FUSE	50A (2 x 25A Internal Mini Blade Fuse)
IDEAL BATTERY SIZE	50–70Ah
MINIMUM BATTERY SIZE	24Ah, 200CCA
RUN TIME WITH 350W ON 24Ah BATTERY	40 minutes
RUN TIME WITH 100W GLOBE ON 24Ah BATTERY	2 hours
APPROVALS	Electrical Safety, EMC
