

## Technical Information

Thanks to highly efficient AGM technology, the Delkor DINC-N210AGM truck battery provides heavy commercial vehicles with a high degree of power delivery & reliability.

The AGM design coupled with Delkor's patented PowerFrame grid technology is the best solution for high demand applications and power consuming functions including the parking cooler/heater. Extended life and performance means less downtime.

This battery has been developed in collaboration with the leading commercial vehicle manufacturers to support innovations which will be standard equipment for commercial vehicles in the future.

## Features & Benefits

- 6 x cycle life compared to conventional batteries
- Ideal for high electrical load and 'hotel' functions
- Highest vibration resistance
- Capable of 80% DoD
- Suitable for end of frame installation (EURO 5/6)

## Applications

Road Transport

Buses & Coaches

Large Capacity Farm Machinery
