

## Technical Information

The Predator MFM27-XHD is a premium quality marine battery combining ultra-high cranking power and durable cyclic ability to cover a broad range of marine applications. Utilising the latest EFB plate technology, the MFM27-XHD delivers an impressive 850CCA (1000 MCA) and 100Ah from its group 27 (N70ZZ) sealed MF casing.

The no-compromise design features Silver-Calcium plates with high tin content, patented inter-cell sealing rings and anti-sulphation additive for exceptional charge retention and rechargeability, making the MFM27-XHD ideal for seasonal use in RV and marine applications.

### Features and Benefits include:

- Higher Capacity in N70ZZ casing
- Thicker, Radial-Grid EFB Plates
- Silver-Calcium Grids – highly resistant to heat and corrosion
- Higher Tin content improves charge acceptance and cyclic durability
- Anti-Vibration Double Lock-Bonded Elements
- Anti-Sulphation additive – essential for long life in seasonal use
- Patented airtight inter-cell connections reduce self-discharge and prevent open circuits
- No-compromise design and build quality

### Applications

Marine inboard V8 to 540 cu.in. / 8.8 Litre
Marine outboard to 350HP
Mercury Optimax
Marine Diesel to 5 Litre / 300HP
Marine Diesel to 7.4 Litre / 450HP*
Marine accessory power
Portable fridges and lighting power
4WD Dual Battery installations
High-Vibration Commercial applications

\*Requires two batteries

## Specifications

<b>Battery Type:</b>	Maintenance-Free Marine	<b>Container Material / Colour:</b>	Polypropylene / Black
<b>Voltage:</b>	12	<b>Lid Type:</b>	Labyrinth Sealed MF
<b>Capacity (@20hr rate):</b>	100	<b>Plate Type:</b>	EFB Radial Grid Silver-Calcium
<b>Marine Cranking Amps 0°C, SAE:</b>	1000	<b>Separator Type:</b>	Low-Resistance Microporous Envelope
<b>Cold Cranking Amps -18°C, SAE:</b>	850	<b>Anti-Vibration:</b>	Double Lock-Bonded Elements
<b>Reserve Capacity:</b>	165 min.	<b>Assembly Layout:</b>	1 (LH Positive)
<b>Overall Dimensions:</b>	L303 x W171 x TH225	<b>Terminal Type:</b>	Dual – SAE Post & 5/16" Stud
<b>Wet Battery Weight:</b>	24.8 Kg	<b>BCI Group / JIS Spec:</b>	27 / N70ZZ
