# What can it run

Whether at home with power outages, camping, caravanning, motor-home, boating or in a camper trailer we can provide power to any appliance. This is the best priced, powerful, portable, fully functional generator in todays market.

This 3.5KVA generator will safely run all your appliances in your home or caravan:

- Domestic/camping fridges
- Kettle
- Microwave
- Coffee machine
- Power tools
- Shavers
- Led TV's
- Toaster
- Chest freezer
- Stereo
- Lamps
- Charge batteries
- Laptops
- Washing machine
- Sandwich maker
- Lights
- Concrete mixer
- DVD player
- Charge mobile phones
- Air conditioners
- Hair straightener
- Thermomix
- Karcher
- Computers

The MickeyBlu generator is your complete portable, backup power station. Super quiet running, 58db at 5 metres and up to 8 hours on a tank of fuel (depending on the load).

Starting the generator is a breeze for anyone in the family, no choke or priming required as the latest model now offers a decompression in the rip cord making start up easy.

\* Cannot run – Welders, large water pumps or air compressors
