

| SPECIFICATIONS             | EF3000iSE            |
|----------------------------|----------------------|
| Type                       | Inverter             |
| Rated Voltage              | 230V                 |
| Frequency                  | 50Hz                 |
| Rated Output               | 2800 Watts           |
| Max Output                 | 3000 Watts           |
| DC Output                  | 12V / 12Amps         |
| Engine Type                | OHV MZ175 Air Cooled |
| Displacement               | 171cc                |
| Max Output                 | 4kW (5.5hp) @4000rpm |
| Starting System            | Recoil / Electric    |
| LxWxH (mm)                 | 680x445x555          |
| Dry Weight                 | 67kg                 |
| Fuel Tank Capacity         | 13L                  |
| Operating Hours (1/4 Load) | 20.5hr (Eco On)      |
| Noise Level (1/4 Load)     | 51dBA (7m)           |
| Noise Level (Full Load)    | 57dBA (7m)           |
| Brushless Alternator       | •                    |
| Auto Decompressor          | •                    |
| Electric Starter           | •                    |
| Circuit Breaker            | Electronic           |
| Fuel Level Gauge           | •                    |
| Oil Level Warning          | •                    |
| Voltage Meter              | •                    |
| Pilot Lamp                 | •                    |
| Noise Block™               | •                    |
| Economy Idle Control       | •                    |
| Twin Tech™ (Parallel Use)  |                      |
| Transportation Kit         | Standard with wheels |
| Remote Starter Kit         | Optional             |
| AC Plug                    | •                    |
| DC Charging Cord           | •                    |

## EF3000iSE

### 3KVA INVERTER GENERATOR

The ultimate generator on wheels, the EF3000iSE is capable of producing clean, quiet, high quality electricity around the home, caravan or motor home and even on the construction site or market stall. Capable of running up to 20.5 hours at 1/4 load with Economy Idle On, without refuelling.

Features include an electric starting system for effortless start-ups every time, as well as an optional wireless remote start/stop kit that works up to 10 metres away.

#### KEY FEATURES

- Electric Circuit Breaker
- 4-Stroke OHV Engine
- Oil Warning System
- Auto Decompressor
- Independent Fuel Tap
- Brushless Alternator
- DC Output Capability
- Spark Arrestor
- Noise Block™
- Fuel Gauge
- Electric Starter

## INVERTER GENERATORS

**4 YEAR WARRANTY**
